Introduction: An overwhelming response enabled the Cabinet to select a truly diverse council of SCSU faculty, staff, and students.

The purpose of the Council is to propose recommendations to the Cabinet that will outline the goals, describe the benefits, and provide means to measure progress towards and attainment of goals in the various areas of diversity and equity on campus.

A climate study will be done. The goal is to be preventative, and to develop an action plan around hate crimes and intolerance. In addition, technology will be built into the fabric of the action plan.

The members present introduced themselves. Co-Chair Glasper asked members to attend Dec. 5 meeting, "Hate Crimes Speak Up," at the Student Center Theater, in order to begin climate study.

Adjourned: 12:00PM
