Time to file your FAFSA!

*(Free Application for
Federal Student Aid)*

NEW for 2012-2013!

Beginning this February, when you file your FAFSA you will now be able to select the IRS Data Retrieval tool. This tool allows students and parents to access the IRS tax return information and transfer the data directly to their FAFSA. We require parents and students to select this option for a faster and more accurate financial aid application.

Please read the Student Aid Report sent by the Federal Processor. This allows you to check for accuracy and find out if there is a problem with your FAFSA!

- The Priority Date for filing your 2012-2013 FAFSA is **March 2, 2012**. Be sure to file by this date so that your file is reviewed before bills are due in July!
- File at www.fafsa.ed.gov
- SCSU's school code is **001406**
- FAFSA questions?
800-4-FED-AID

Attention all Graduate Students!

Effective July 1, 2012, the Department of Education will end the subsidized loan program for graduate students. Unsubsidized & graduate PLUS loans are alternative options.
