

Emergency Preparedness ■ Floods

■ Individual and Group Safety Information

The following steps can be taken in case of flash flood watch and/or warning:

- Move to a safe area away from the flooding area.
- Secure vital equipment, records and hazardous materials by moving them to higher, safer ground.
- Shut off all non-essential electrical equipment.
- Wait for instructions from the University Police Department and/or Facilities Operations Department.
- Locate individuals with special needs and provide assistance if possible. Otherwise, provide their location to emergency responders.
- Do not return to the building until instructed to do so by a representative of the University Police Department or Facilities Operations Department.
- Call the Facilities Operations Department for assistance with flood clean up.
