ETHNIC STUDIES MINOR SELECTION FORM

The minor in Ethnic Studies was devised to provide students with the opportunity to select a minor which complements their existing major course of study. Students may find that some jobs or graduate programs either expect or encourage the study of diverse populations. If you would like to select Ethnic Studies as your minor program of study, please complete this form.

After you have completed the document, please drop it off either at the office of Dr. Shirley A. Jackson which is located in Engleman Hall C 026D or in Dr. Jackson's mailbox, located in the Sociology Department, Engleman Hall C 011. (Copies of the document are also located outside Dr. Jackson's office.)

It is important that you discuss your plans for the minor with the Coordinator of the Ethnic Studies Minor. At your earliest convenience, please contact Dr. Jackson (392-5676; Engelman Hall C 026D; jacksons1@southernct.edu) to receive advisement regarding your minor program of study and how it may work with your existing major program(s) of study.
