

**SOUTHERN CONNECTICUT STATE UNIVERSITY**

**SIGNIFICANT CHANGE IN ANIMAL USE REQUEST**

Public Health Service policy, the Guide for the Care and Use of Laboratory Animals and the Animal Welfare Act (9 CFR Subchapter A Part 1, Section 2.31.c.7) require that the Institutional Animal Care and Use Committee review and approve all significant changes to ongoing activities regarding the care and use of animals in research. This form allows requests for changes in existing protocols to be presented to the committee without substantial re-writing of the existing protocol. Please return a signed copy of this form to the IACUC Chair.

<b>I. Protocol No.:</b>	
<b>II. Title:</b>	
<b>III. Pain &amp; Distress Level</b>	
<b>IV. Investigator:</b>	
<b>V. Phone Extension:</b>	

**I. Requested Changes (Check all that apply):**

*All requested changes must be detailed on an attached sheet, and justification for proposed changes provided.*

Change in or addition of species	
Increase number of animals required per year*	
New procedures involving animals*	
Use of new hazardous agents	
Changes in personnel associated with this project**	

\*Please attach a narrative describing new procedures (addition of procedures may alter the pain & distress category of the approved protocol) and / or justification for increase in animal numbers including statistical validation:

--

\*\*Please attach qualifications (education, training & experience) for each person being added to the protocol.

--
