Career track (check one): *Academic libraries* *Public libraries* *School libraries* *Special libraries* *Other* _____

1. CORE REQUIREMENT COURSES (6 credits):	Credits	NOTE: Any courses taken that are not part of the approved planned program may not count toward the Sixth Year Certificate. All students must complete 30 credits including the required core courses with a grade of "B" or higher. Automatic academic dismissal will result for failure to receive a grade of "B" or higher when a course is repeated or if the grade point average falls below 3.0. Students should consult with their advisors in selecting electives appropriate to their career goals.
ILS 600 Independent Study	3	
ILS 685 Field Project	3	
2. SPECIALIZATION (9-15 credits) <i>List electives in specialization</i>		<p>FOR ONLINE-ONLY STUDENTS: I will not attend classes or other events on CSU campuses. All course work will be completed online. If I choose to attend a course on a CSU campus, I must submit all required documents including immunization records and immigration documents (for international students).</p> <p>Signature: _____</p> <p>Date: _____</p> <p>[Students who anticipate being on campus are required to file health and immunization forms and, if applicable, international student information an immigration forms]</p>
3. COGNATE AREA (9-15 credits) <i>List electives in concentration</i>		
TOTAL CREDITS IN PROGRAM	30	

Bachelor's Degree Date: _____ Major: _____

Institution: _____

Student: _____ Date: _____

Advisor: _____ Date: _____

Department Chair: _____ Date: _____

Associate Dean or

Dean of Graduate Studies: _____ Date: _____

Graduate Office Use Only Sixth Year Certificate requirements must be completed by:

Electives (9-15 credits) in an area of specialization of the Sixth Year Library Information Studies

Students select an area of specialization from among several available, including: management, technical services, user services.

Cognate Area (9-15 credits)

A concentration of courses related to the area of specialization and to student career goals is an integral part of a planned program. Areas of study include the sciences, humanities, social sciences, curriculum and foundations, research, special librarianship, and urban library studies.

Up to 15 credits of 500 level courses may also be elected when appropriate.
