ILS 599 Special Topics	3		ILS 692 Issues in Library and Information Studies	3	
[ILS 599 topic: _____]			ILS 695 Online Information Retrieval	3	

NOTE: In order to count toward degree, any non-ILS designation elective or transfer course MUST be approved in advance and in writing by the Department Curriculum Committee (DCC).

NOTE: Any courses taken that are not part of the approved planned program may not count toward the MLS degree. All students must complete 36 credits including the required core courses with a grade of “B” or higher. Automatic academic dismissal will result for failure to receive a grade of “B” or higher when a course is repeated or if the grade point average falls below 3.0. All students in the MLS program must pass a Special Project and Capstone Portfolio review.

I will not attend classes or other events on CSU campuses. All course work will be completed on-line. If I choose to attend a course on a CSU campus, I must submit all required documents including immunization records and immigration documents (for international students).
