For each half hour increment, *Sections* represent the number of CRNs running during that half hour. *Enrollment* represents the total numbers of students registered during that half hour. If a begin/end time includes the quarter hour, it is counted in the half hour. For example, an 8:10 am - 9:00 am class is counted in both the 8:00 am to 8:30 am slot and the 8:30 am to 9:00 am slot.
