

# The Third Annual GeoGebra Conference OF SOUTHERN CONNECTICUT

The GeoGebra Institute of Southern Connecticut invites you to participate in its third annual conference.

Tuesday, August 25, 2015 • 8:30 a.m. – 4:30 p.m.  
Southern Connecticut State University

*The conference will consist of several sessions with content suited to classroom teachers, university faculty, and others who may have an interest in GeoGebra. Topics will include algebra, geometry, statistics, probability, and calculus, and sessions will be geared to all levels, from introductory to expert.*

## INVITED SPEAKER

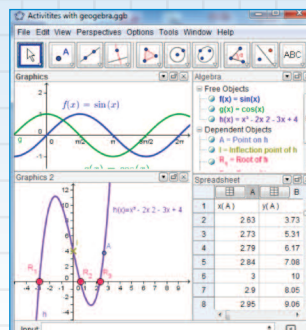

**Dr. Michael Todd Edwards**

*Professor, Mathematics Education  
Miami University, Oxford OH*

*Dr. Edwards believes in the power of teaching and learning to transform lives, foster change in communities, and confront life's challenges together.*

## CALL FOR PROPOSALS

- Proposals for presentations and “posters” are open to all GeoGebra users or experts who would like to share their experiences with their colleagues. We are particularly interested in presentations that bring together K-16 students, classroom teachers, and/or university faculty around the effective use of GeoGebra.
- Presentations will be either 10 or 30 minutes long. “Posters” will be interactive GeoGebra material displayed on a computer.
- Review of proposals will begin **June 15, 2015**.

## Participation Fees *(includes coffee break and lunch)*

Standard: \$35 • Students: \$15

## Registration

REGISTER ONLINE by **August 18, 2015** at
