ConnSCU recognizes that some portions of the Acceptable and Responsible Use of Information Technology Resources Policy may have to be bypassed from time-to-time because of technical or business reasons. Accordingly, exceptions may be made provided:

1. The need for the exception is legitimate and approved by the BOR CIO or designee.
2. The exception does not disrupt or compromise other portions of the ConnSCU service delivery capability.
3. The implementation of the exception is vetted through the Change Management Process.
4. The BOR Information Security Program Office, in conjunction with college/university IT department, is able to establish a monitoring function to assess the operations of the implementation exception.
5. The exception has a defined lifecycle, in that the "retirement" of the exception is scheduled (e.g., "when Release 4.9 is implemented," "at contract termination," etc.)

11. Exception Request
To request an exception, please submit the Information Security Exception request to SecProg@ct.edu
The requestor and BOR Information Security Program Office will define the approved alternative configuration if different than the original proposal of the requestor.
