

**NEW STUDENT ORIENTATION**

**THRIVE. BELONG. SUCCEED.**

# A Note from the Director

Dear New Students, Parents, Families and Supporters,

Welcome to Southern!

We are excited that you chose to continue your academic journey with us, and we are happy to welcome you to campus. New Student Orientation is designed to support first-year students as they transition and acclimate to college life at Southern. Parent & Family Orientation provides strategies and information on how family members can best support their students while they navigate the college experience. We strive to meet Southern's mission of social justice by creating an inclusive environment to welcome our diverse community. For the next days, new students will learn what it means to be part of the Owl Community by engaging in interactive sessions, receiving valuable information, participating in fun-filled activities, meeting faculty, staff and student leaders that will play a key role in their lives throughout their college careers, and registering for their Fall courses. Orientation is the place where students will begin to learn how to thrive, find their place at Southern, and understand how to succeed academically.

As students participate in orientation, please keep these important points in mind:

- Take advantage of all orientation sessions. Each session has been carefully created to prepare students and families for success.
- Meet as many people as you possibly can! Challenge yourself to connect with faculty, staff, Orientation Ambassadors and most importantly, each other. Parents and families, this includes you too.
- Please see an orientation staff member to assist you with accommodations for any special needs.
- Please wear your name tag at all times - it enables you to access your residence hall and meals.
- Every component of the orientation program is valuable to student success. Students are expected to attend all programs through 9:00pm on the first day and until 4:45pm on the second day.
- Ask questions! We are here to help you learn everything you need to know about being a college student at Southern. While the orientation program will provide vital information and networking opportunities, your questions are equally important to help you be successful.
- Smile! This is just the beginning of a new and exciting time in all of your lives!

While you are here, we will provide you with a strong foundation, but it will be up to you to build your perfect Owl experience. Get ready for a fantastic experience and thank you for choosing Southern. Go Owls!

Sal Rizza, Director of Orientation, Transition & Family Engagement
