

Internship / Field Practicum for W-Credit Agreement Form

I, _____, am aware of the critical writing component (minimum 20 pages) of the requirements. I have described how critical writing will be part of my Internship / Field Practicum on the W-course justification form.

I understand that substantial revision (not simply correction of mechanical errors) is a requirement in W-courses. I agree to undertake substantial revision of my work in the course of this Internship / Field Practicum. If the basic product that I am responsible for submitting to fulfill the written requirements for this Internship / Field Practicum is one long paper, I agree to submit it in stages to my professor, so that feedback and revision can take place.

I have demonstrated to my sponsoring faculty member that I have already taken and passed at least two W-courses at Southern Connecticut State University.
