<b>Total</b>	-	54	54	58	59	56	59	75

\*= the program's accreditation agency only allowed reporting gender in male/female binary prior to the 2021-2022 year. Our program repeatedly expressed dissatisfaction with this policy and advocated for more inclusive gender recording options. These were adopted for the first time in the 2021-2022 reporting year.
