List of Programs

On this page, review the list of teacher preparation programs offered by your institution of higher education (IHE) or organization. If you submitted an IPRC last year, this list of programs is pre-loaded from your prior year's report. If your IHE offers both traditional and alternative programs, be sure to enter the programs in the appropriate reports. For the traditional report, list all traditional programs within the IHE. For the alternative report, list all alternative programs within the IHE. You may edit, delete, and insert new rows as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page. The system will automatically total the number of programs for you.

Program Requirements

On this page, review and enter information about the program requirements for admission into the program, program completion, and supervised clinical experience. If you submitted an IPRC last year, much of this page is pre-loaded from your prior year's report. If your IHE offers both traditional and alternative programs, be sure to specify the requirements in the appropriate reports. For the traditional report, provide the requirements for traditional programs within the IHE. For the alternative report, provide the requirements for the alternative programs within the IHE.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

Enrollment

On this page, enter the number of candidates for an initial teaching credential who are enrolled in the initial teacher preparation programs within your institution of higher education (IHE) or organization. **Do not** report on the total number of students enrolled in the entire IHE. **Do not** include individuals who currently hold a teaching credential and are seeking additional licenses or endorsements, or individuals preparing for school-based careers other than classroom teachers (e.g., administrators, guidance counselors).

The Department recognizes that in many cases, candidates voluntarily report their race/ethnicity and gender data, and that in some cases, candidates may choose not to report this information. Please report on the race/ethnicity data you have available, though the data may not be complete. It is not expected that the sum of the enrolled students reported by race/ethnicity or by gender will necessarily equal the total number of students enrolled.

If your IHE offers both traditional and alternative programs, be sure to enter the candidates enrolled in the appropriate reports. For the traditional report, provide only the candidates enrolled in traditional programs within the IHE. For the alternative report, provide only the candidates enrolled in the alternative programs within the IHE.

After entering the enrollment data, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:

Enrollment

For the purpose of Title II reporting, an enrolled student is defined as a student who has been admitted to a teacher preparation program, but who has not completed the program during the academic year being reported. An individual who completed the program during the academic year being reported is counted as a program completer and *not* an enrolled student.

Additional guidance on reporting race and ethnicity data.

Total number of students enrolled in 2017-18	557
Unduplicated number of males enrolled in 2017-18	130
Unduplicated number of females enrolled in 2017-18	427

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled. (§205(a)(1)(C)(ii)(H))

2017-18	Number Enrolled
Ethnicity	
Hispanic/Latino of any race	54
Race	

2017-18	Number Enrolled
American Indian or Alaska Native	0
Asian	12
Black or African American	37
Native Hawaiian or Other Pacific Islander	0
White	423
Two or more races	14

Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2017-18. For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2017-18. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. (§205(b)(1)(H))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education—Chemistry" category.

SECTION I: PROGRAM INFORMATION

Program Completers

On this page, enter the total number of individuals who completed the program in AY 2017-18 and the two prior academic years. If you submitted an IPRC last year, the number of program completers for the two prior academic years are pre-loaded from your prior year's report.

A program completer is a person who has met all the requirements of a state-approved teacher preparation program. Program completers include all those who are documented as having met such requirements. Documentation may take the form of a degree, institutional certificate, program credential, transcript or other written proof of having met the program's requirements. In applying this definition, the fact that an individual has or has not been recommended to the state for initial certification or licensure may not be used as a criterion for determining who is a program completer.

An individual cannot be classified as both enrolled and as a program completer at the same time. An enrolled individual is not a program completer. Once an individual has met all the requirements of a state-approved teacher preparation program and becomes a program completer, the individual is no longer classified as enrolled.

After entering the program completers, save the page using the floating save box at the bottom of the page.

Annual Goals - Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. (§205(a)(1)(A)(iii), §206(a))

Information about teacher shortage areas can be found at https://www2.ed.gov/about/offices/list/ope/pol/tsa.html.

Please provide the information below about your program's goals to increase the number of prospective teachers in mathematics in each of three academic years.

	your teacher preparation program would be able to provide evidence upon request. (§205(a)(1)(F))	

Does your program prepare teachers to:

- a. integrate technology effectively into curricula and instruction
 - Ye
 - No
- b. use technology effectively to collect data to improve teaching and learning
 - Yes
 - No
- c. use technology effectively to manage data to improve teaching and learning

- d. use technology effectively to analyze data to improve teaching and learning
 - Yes
 - No
- 2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

All programs prepare our candidates to integrate technology effectively into curricula and instruction. This is infused in curriculum throughout the candidates program. Some programs instruct candidates to review software that is available by discipline to enhance instruction. Most programs instruct candidates to utilize technology to effectively collect, manage and analyze student data. This is infused into programs through a variety of ways. In some programs, mini tab statistical analysis is used, in others excel spreadsheets and graphing are utilized to demonstrate the results of pre and post testing. Universal Design for learning is infused throughout some of the programs. This concept promotes the idea of designing all lessons/learning experiences right from the beginning to be accessible to the broadest range of learners. Candidates are taught to provide multiple means of representation (to present all information in a variety of formats/media), to provide multiple means of expression (all students to demonstrate knowledge in a variety of ways, not just through writing), and to provide multiple means of engagement (design learning opportunities to engage learners such as working with partners or small groups as well as letting students select the type of material from which they want to learn specific information). Candidates in several programs also learn to consider a broader definition of 21st century literacy and are required to design instruction that integrates multiple forms of media and alternate forms of expression (in addition to traditional print text). Technology integration in the classroom, managing and analyzing data and improving teaching for the purpose of the principles of UDL will be a large focus in the next academic year.

SECTION VI: TEACHER TRAINING

Teacher Training

On this page, review the questions about how your program trains general education teachers and special education teachers. For the purposes of these questions, general education teachers means those who are not specifically prepared as special education teachers. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

Provide the following information about your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. (§205(a)(1)(G))

- 1. Does your program prepare general education teachers to:
 - a. teach students with disabilities effectively
 - Yes
 - No
 - b. participate as a member of individualized education program teams
 - Yes
 - No
 - c. teach students who are limited English proficient effectively
 - Yes
 - No
- 2. Provide a description of the evidence your program uses to show that it prepares general education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

All certification candidates take one of the following courses SED 225 - Introduction to Exceptionalities, SED 481 - Teaching Exceptional Students in the Elementary Classroom or SED 482 - Teaching Exceptional Students in the Secondary Classroom. Each of these courses focuses on addressing the legal, educational, and instructional needs of all students with exceptionalities. Our candidates are prepared to design instructional activities to meet identified needs, and modify instruction so students can participate successfully in the least restrictive environment. All candidates also take EDU 471 - English Language Learner to ensure they are able to meet the needs of students who have limited English proficiency.

- 3. Does your program prepare special education teachers to:
 - a. teach students with disabilities effectively
 - Yes
 - No
 - Program does not prepare special education teachers
- b. participate as a member of individualized education program teams

res
No
Program does not prepare special education teachers

- c. teach students who are limited English proficient effectively
 - Yes
 - Program does not prepare special education teachers
- 4. Provide a description of the evidence your program uses to show that it prepares special education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

Beginning with the candidate's very first special education course, SED 225 - Introduction to Exceptionalities, courses focus on addressing the legal, educational, and instructional needs of all students with exceptionalities. Our candidates are prepared to assess student needs, design instructional activities to meet identified needs, and modify instruction so students can participate successfully in the least restrictive environment. In order to best prepare candidates to effectively participate as a member of the students' IEP teams, candidates take SED 445 - Collaboration in the Schools. This course prepares candidates to work collaboratively with teachers, support specialists, paraprofessionals, and parents. Our students are also required to take SED 325 which focuses on developing goals and objectives for participating in IEP meetings. In addition candidates take EDU 471 - English Language Learner to ensure they are able to meet the needs of students who have limited English proficiency. To complement the coursework, several of the courses candidates enroll in have clinical field experiences. All of the following courses have clinical field experience components: SED 435 Language Arts for Exceptional Individuals and lesson planning, SED 365 Basic Principles of Academic Assessment and Remediation for Exceptional Individuals, and SED 449 School Based Experience in Special Education. In addition, there are 5 additional Special Education courses that in addition to preparing candidates to gain the content knowledge necessary to address the needs of students with special needs also include clinical field experience to augment the courses.
