#### **Independent Auditor's Report**

To the Board of Directors
Southern Connecticut State University Foundation, Inc.

# Opinion

We have audited the accompanying financial statements of Southern Connecticut State University Foundation, Inc., which comprise the statements of financial position as of June 30, 2022 and 2021, and the related statements of activities and changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Southern Connecticut State University Foundation, Inc. as of June 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Southern Connecticut State University Foundation, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Southern Connecticut State University Foundation, Inc.'s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
  include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
  statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of Southern Connecticut State University Foundation, Inc.'s internal control.
  Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Southern Connecticut State University Foundation, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Hartford, Connecticut October 6, 2022

# Notes to Financial Statements June 30, 2022 and 2021

# Note 1 - Organization

Southern Connecticut State University Foundation, Inc. (the "Foundation") exists to assist Southern Connecticut State University (the "University"), a not-for-profit organization, in fulfilling its mission and achieving its vision through the development, stewardship and delivery of private financial resources. The Foundation provides financial management of the private resources received through the investment of contributions for the educational and support activities that may be conducted by the University.

## Note 2 - Summary of significant accounting policies

#### **Basis of presentation**

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. Net assets, revenues and expenses are classified based on the existence or absence of donor-imposed restrictions. Net assets that have similar characteristics have been combined into similar categories in the accompanying financial statements, as follows:

*Net assets without donor restrictions -* Net assets without donor restrictions represent available resources other than donor-restricted contributions. Included in net assets without donor restrictions are funds that may be earmarked for specific purposes.

Board designated net assets - Net assets established by the Board of Directors, which represent net assets without donor restrictions set aside for future needs of the Foundation.

Net assets with donor restrictions - Net assets subject to donor- (or certain grantor-) imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

Gains and losses on investments and other assets or liabilities, if any, are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor restriction or by law.

#### **Contributions**

Transactions where the resource provider does not receive commensurate value are deemed to be contributions. Contributions are classified as either conditional or unconditional. A conditional contribution is a transaction where the Foundation has to overcome a barrier or hurdle to be entitled to the resource and the resource provider is released from the obligation to fund or has the right of return of any advanced funding if the Foundation fails to overcome the barrier. The Foundation recognizes the contribution revenue upon overcoming the barrier or hurdle. Any funding received prior to overcoming the barrier is recognized as refundable advance. Unconditional contributions are recognized as revenue and receivable when the commitment to contribute is received.

Conditional and unconditional contributions are recorded as either with donor restrictions or without donor restrictions. Contributions are recognized as contributions with donor restrictions if they are received with donor stipulations that limit the use of the donated asset or are restricted for time. Contributions received with no donor stipulations are recorded as contributions without donor restrictions. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified as net assets without donor restrictions and are reported in the statements of activities and changes in net assets as net assets released from restriction.

# Notes to Financial Statements June 30, 2022 and 2021

#### **Concentrations**

Cash and cash equivalents includes all cash balances and highly liquid investments with a maturity of three months or less when acquired. The Foundation places its temporary cash investments with high credit quality financial institutions. At times, such investments may exceed federally insured limits.

#### Fair values of financial instruments

Investments are recorded at fair value (see Notes 5 and 7). Net realized and unrealized gains and losses on investments are recorded in the statements of activities and changes in net assets.

#### Promises to give

Unconditional promises to give, which are restricted by the donor to a specific purpose which has not been met as of the statement of financial position date, are shown as increases in net assets with donor restriction. Conditional promises to give are recognized when the conditions on which they depend are substantially met. All contributions are considered to be available without donor restriction unless specifically restricted by the donor.

## **Property and equipment**

The Foundation capitalizes all expenditures for property and equipment in excess of \$5,000 and having a useful life of greater than one year. Property and equipment are stated at cost less accumulated depreciation. Depreciation is computed on the straight-line method using the estimated lives of the assets. The cost of maintenance and repairs is charged to expense as incurred, whereas significant renewals are capitalized.

#### Collections of works of art

In accordance with accounting policies generally followed by organizations with collections of historical interest, the Foundation does not reflect its collection in the accompanying statement of financial position. Each of the items is cataloged, protected, kept unencumbered, preserved and cared for. The Foundation's policy requires that proceeds from the sale of collection items or insurance proceeds be used solely for acquisition of other collection items, the direct care of existing collections, or both. Direct care includes the costs related to the security of the collection and of providing adequate protection from heat, light, sun, water and any other environmental issue that would be detrimental to the long-term safety of the collection. Costs of purchasing collection items are recognized as an expense in the year of acquisition; proceeds from sale and insurance recoveries are recognized as revenue in the year of sale or loss. The collection was transferred to the University in 2022.

# Interest in perpetual trust

The Foundation is one of several income beneficiaries of one trust. The Foundation regularly receives income distributions from the trust, the amounts of which are recorded as investment income with donor restrictions from perpetual trust in the statements of activities and changes in net assets. Income received with respect to the trust was \$5,200 for the years ended June 30, 2022 and 2021. The principal for the Sage Trust is controlled by bank trustees independent of the Foundation.

## **Endowment**

The State of Connecticut adopted the Uniform Prudent Management of Institutional Funds Act ("UPMIFA"), which governs the investment and management of donor-restricted endowment funds by not-for-profit organizations. In addition, the Financial Accounting Standards Board ("FASB") provided guidance on the net asset classification of endowment funds that are subject to UPMIFA. This guidance, FASB Accounting Standards Codification ("ASC") 958-205, *Reporting Endowment Funds*, has been adopted by the Foundation.

# Notes to Financial Statements June 30, 2022 and 2021

#### **Noncash donations**

Donations other than cash (securities) are recorded at their estimated fair market value at the date of the gift. Such donations are reported as without donor restrictions unless the donor has restricted the donated asset to a specific purpose.

Donated services are recognized in the financial statements if the services received require specialized skills provided by individuals possessing those skills and would typically need to be purchased if not provided by donation. Certain services donated to the Foundation by community volunteers do not meet the above criteria and, therefore, are not recognized in the financial statements.

#### Statements of cash flows

For the purpose of the statements of cash flows, the Foundation considers cash equivalents as highly liquid investments with an initial maturity of three months or less when acquired.

#### Income taxes

The Foundation is exempt from federal and state income taxes as an organization described in Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision has been made in the accompanying financial statements for federal or state income taxes. In addition, the Foundation qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(1).

The Foundation has no unrecognized tax benefits at June 30, 2022 and 2021. The Foundation's federal and state income tax returns prior to fiscal year 2019 are closed and management continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings.

If applicable, the Foundation would recognize interest and penalties associated with tax matters as part of management and general expenses in the statements of activities and changes in net assets and include accrued interest and penalties in accrued expenses in the statements of financial position. The Foundation did not recognize any interest or penalties associated with tax matters for the years ended June 30, 2022 and 2021.

#### **Functional expenses**

The statements of activities and changes in net assets presents the natural classification detail of expenses by function. Donated services are allocated based on estimated time spent. The Foundation directly allocates its remaining costs among the programs and supporting services benefited.

#### Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### Subsequent events

Management has reviewed subsequent events through October 6, 2022, which is the date the financial statements were approved and available for issuance.

# Notes to Financial Statements June 30, 2022 and 2021

# Note 3 - New accounting pronouncement

For the year ended June 30, 2022, the Foundation adopted ASU 2020-07, Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets. This standard provides guidance on the presentation of contributed nonfinancial assets in the statement of activities and additional disclosure requirements for each type of contributed nonfinancial asset. The ASU provides transparency on the measurement of the contributed nonfinancial assets of the organization and will not change existing recognition and measurement requirements. The Foundation has implemented the provisions of ASU 2020-07 applicable to all contributed nonfinancial assets, which has been applied retrospectively to all periods presented.

## Note 4 - Liquidity

The Foundation regularly monitors liquidity required to meet its annual operating needs and other contractual commitments while also striving to maximize the return on investment of its funds not required for annual operations. As of June 30, 2022 and 2021, the Foundation has financial assets available to meet annual operating needs for the 2023 and 2022 fiscal year as follows:

	2022		 2021	
Cash and cash equivalents Investment securities Promises to give and accounts receivable	\$	355,103 40,953,806 3,831,078	\$ 509,289 46,527,844 1,575,987	
Financial assets accessible by management in the next year		45,139,987	48,613,120	
Promises to give after more than one year Endowment funds to be used in perpetuity Endowment earnings not available Student managed funds Donor restricted funds for time or purpose to be used after one year Board-designated funds Reserve funds		2,721,820 22,213,661 7,502,142 275,140 3,201,434 1,285,481 1,435,945	914,254 20,841,902 13,448,382 334,233 2,881,676 1,493,491 1,851,228	
Financial assets accessible by management in the next year	\$	6,504,364	\$ 6,847,954	

Donor funds restricted to time or purpose anticipated to be used after one year may be used in the next year as long as the purpose or time restriction is met. Upon approval of the Board, the board-designated and reserve funds may be repurposed and used within any year. Additionally, the Board may approve the use of additional endowment investment earnings above the spending policy. However, prudent investment management must be considered to ensure the preservation of the funds for future use.

# Notes to Financial Statements June 30, 2022 and 2021

#### Note 5 - Investments

The fair value of investments as of June 30, 2022 and 2021 are as follows:

	 2022	2021		
Common stock US Government money market fund Multi-strategy equity fund Multi-strategy bond fund Private equity	269,286 975,565 25,927,449 13,727,229 54,277	\$	328,711 652,472 30,743,569 14,803,092	
	\$ 40,953,806	\$	46,527,844	

## Note 6 - Program related investment

The Foundation has placed \$100,000 in a student investment fund to provide students in business, finance and economics with an educational opportunity to gain valuable hands-on experience in fiduciary management of investment assets. This investment continues to be an asset of the Foundation and is reported and reviewed by the investment committee. The amount included in cash and cash equivalents at June 30, 2022 and 2021 was \$5,854 and \$5,522, respectively. The amount included in investments at June 30, 2022 and 2021 was \$269,286 and \$328,711, respectively.

# Note 7 - Fair value of financial instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

# Notes to Financial Statements June 30, 2022 and 2021

Investments measured at net asset value ("NAV"): These funds' investments are based on the NAV as a practical expedient. Funds may be redeemed at or near the measurement date. Funds in this category include domestic and international equity investments, domestic and international fixed income investments and commodities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022 and 2021:

Common stock and US Government money market fund: Valued at the closing price reported on the active market on which the individual securities are traded.

<u>Multi-strategy bond fund</u>: Diversification within fixed income investments is based upon the allocation among maturities of different lengths according to interest rate prospects and the goals of the fund. Fixed income instruments reduce the overall volatility of the fund's assets and provide a deflation or inflation hedge, where appropriate. Domestic and international fixed income investments provide a diversified dependable source of current income. The fund seeks to outperform the US bond market. The Barclays Capital United States Aggregate Bond Index is the benchmark for the fund.

<u>Multi-strategy equity fund</u>: The purpose of equity investments, both domestic and international, in the fund is to provide capital appreciation, growth of income, and current income. This asset class carries the assumption of greater market volatility and increased risk of loss, but also provides a traditional approach to meeting portfolio total return goals.

<u>Beneficial interest in trusts</u>: Valued using the fair values of the underlying assets of the trust. The trust is made up of individual stocks that are valued at the closing price reported on the active market on which the individual securities are traded and mutual funds that are valued at the daily closing prices as reported by the funds.

<u>Private equity</u>: Valued using management assumptions and best estimates after considering internal and external factors. Securities with no readily available market are generally valued according to the market approach, which attempts to apply a fair value standard by referring to meaningful third-party transactions, comparable public market valuations and/or the income approach. Consideration is also given to the financial condition and operating results of the issuer, the amount that the investment partnerships can reasonably expect to realize upon the sale of securities and any other factors deemed relevant.

Gift annuities payable: Valued using assumptions about life expectancy and discounted cash flow.

There were no transfers, purchases or issuances in or out of Level 3 during the years ended June 30, 2022 and 2021.

# Notes to Financial Statements June 30, 2022 and 2021

Fair values of assets and the liability measured on a recurring basis at June 30, 2022 and 2021 are as follows for the Foundation:

June 30, 2022	Fair value	m i asse	oted prices in active arkets for identical ets/liabilities 'Level 1)	ob	gnificant other servable inputs .evel 2)	uno	gnificant bservable inputs Level 3)	nvestments valued at NAV

# Notes to Financial Statements June 30, 2022 and 2021

# Quantitative information about significant unobservable inputs used in Level 3 fair value measurements

The following tables represent the Foundation's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of June 30, 2022 and 2021:

Instrument	 Fair value	Principal valuation technique	Unobservable values inputs	Range of significant input
2022				
Beneficial interest in trusts	\$ 109,807	The Foundation's fair value of the trust assets	N/A	20% beneficial interest
Gift annuities	9,085	Income approach	Life expectancy Discounted cash flow	8-11 years 2.48% - 3.98%
2021				
Beneficial interest in trusts	\$ 130,256	The Foundation's fair value of the trust assets	N/A	20% beneficial interest
Gift annuities	9,523	Income approach	Life expectancy Discounted cash flow	9-12 years 2.48% - 3.98%

# Fair value of investments in entities that use NAV

The following tables summarize investments measured at fair value based on NAV per share as of June 30, 2022 and 2021:

June 30, 2022	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Multi-strategy equity fund	\$ 25,927,449	N/A	Monthly	5 business days prior to month-end
Multi-strategy bond fund	13,727,229	N/A	Monthly	5 business days prior to month-end
June 30, 2021	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Multi-strategy equity fund	\$ 30,743,569	N/A	Monthly	5 business days prior to month-end
Multi-strategy bond fund	14,803,092	N/A	Monthly	5 business days prior to month-end

# Notes to Financial Statements June 30, 2022 and 2021

## Note 8 - Promises to give

Promises to give consist of the following:

	2022		2021		
Less than one year One to five years More than five years	\$	1,134,415 2,593,900 499,250	\$	673,200 933,496 -	
Less unamortized discount		4,227,565 396,487		1,606,696 30,709	
	\$	3,831,078	\$	1,575,987	
Promises to give are restricted as follows:					
With donor restrictions due to purpose or time With donor restrictions in perpetuity	\$	1,731,315 2,496,250	\$	1,072,195 534,501	
	\$	4,227,565	\$	1,606,696	

Discount rates used on long-term pledges were 3.01% and .87% for the years ended June 30, 2022 and 2021, respectively.

#### Note 9 - Charitable gift annuity

The Foundation has established a program under which donors may set up charitable gift annuities. Under this program, donors can contribute assets to the Foundation and in return receive a guaranteed fixed income for life. The Foundation recognizes contribution revenue for the difference between the fair value of the assets received and the annuity liability.

Annuity liabilities are recorded for the required life of annuity payments at the present value of expected future cash payments discounted using discount rates for the 5-year U.S. Treasury rate at the time of the original gift and actuarial assumptions for the life expectancy of the beneficiary. The annuity obligations are adjusted each year for changes in the life expectancy of the beneficiaries and are reduced as payments are made to the donor. The present value of future liability payments of charitable gift annuities was \$9,085 and \$9,523 at June 30, 2022 and 2021, respectively.

#### Note 10 - Custodial obligation payable

The Foundation is the custodian of grant funds belonging to the Southern Connecticut State University Alumni Association, Inc. (the "Association"). The investments of these grant funds are held in an investment pool with a corresponding custodial obligation payable. The amount payable as of June 30, 2022 and 2021 was \$215,632 and \$250,492, respectively.

# Notes to Financial Statements June 30, 2022 and 2021

# Note 11 - Agreement with the Association

The agreement between the Association and the Foundation provides for payment of a programming grant from the Foundation to the Association in recognition of the value of the Association's programs for alumni in supporting the fundraising efforts of the Foundation. The amount of the annual grant provides a guaranteed annual base of \$35,000, annually adjusted for inflation with the CPI and a supplemental amount requested by the Association to be approved by the Foundation's Board. As of June 30, 2022 and 2021, this obligation was \$47,000 and \$45,000, respectively, and is classified on the statements of financial position as a liability and as a general and administrative services expense on the statements of activities and changes in net assets.

#### Note 12 - Board-designated net assets

The balance in board-designated net assets as of June 30, 2022 and 2021 is available for the following purposes:

	 2022	2021		
Scholarships and other financial aid Other University programs	\$ 538,204 747,277	\$	648,923 844,568	
	\$ 1,285,481	\$	1,493,491	

#### Note 13 - Net assets with donor restrictions

The balance in net assets with donor restrictions as of June 30, 2022 and 2021 are from the following sources:

		2022		2021			
Net assets with donor restrictions - purpose and time Net assets with donor restrictions - in perpetuity	\$	16,389,225 24,561,204	\$	21,573,027 21,489,872			
	\$	40,950,429	\$	43,062,899			
Net assets with donor restrictions are available for the following purposes:							
		2022		2021			
Scholarships and other financial aid Athletic activities Other University programs	\$	7,049,633 1,120,984 8,218,608	\$	11,572,886 955,262 9,044,879			
	\$	16,389,225	\$	21,573,027			

Endowment funds consist of donations that were restricted by the donor in perpetuity, the income from which is available to support the activities specified by the donor.

# Notes to Financial Statements June 30, 2022 and 2021

At June 30, 2022 and 2021, net assets with donor restrictions in perpetuity consist of the following:

		2022	2021	
Endowment fund Promises to give Benficial interest in trust		22,213,661 2,237,736 109,807	\$	20,841,902 517,714 130,256

The Foundation's endowment includes funds designated by the Board of Directors to function as endowments. As required by FASB ASC 958-205, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

#### Interpretation of relevant law

The Board of Directors of the Foundation have interpreted the UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as net assets with restrictions in perpetuity: (a) the original value of gifts donated to the endowment, (b) the original value of subsequent gifts to the endowment, and (c) accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified as net assets with restrictions in perpetuity is classified as net assets with donor restrictions due to purpose or time until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standards of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the Foundation and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Foundation
- (7) The investment policies of the Foundation

# Notes to Financial Statements June 30, 2022 and 2021

## Investment return objectives, risk parameters and strategies

The Foundation has adopted investment and spending policies, approved by the Board of Directors, for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment funds, while also maintaining the purchasing power of those endowment assets over the long-term. Accordingly, the investment process seeks to achieve an after-cost total real rate of return, including investment income as well as capital appreciation, which exceeds the annual distribution with acceptable levels of risk. Endowment assets are invested in a well-diversified asset mix, which includes equity and debt securities, that is intended to result in a consistent inflation-protected rate of return that has sufficient liquidity to make an annual distribution of 4%, and a 1.5% annual endowment advancement fee, while growing the funds if possible. Actual returns in any given year may vary from this amount. Investment risk is measured in terms of the total endowment fund; investment assets and allocation between asset classes and strategies are managed to not expose the fund to unacceptable levels of risk.

# Spending formula

The Foundation has adopted an endowment spending policy to help assure that there is a stable stream of dollars available for scholarships, awards, research or other program support over the long-term.

The Foundation's spending policy calculation for fiscal years ended June 30, 2022 and 2021 was based on a percentage of the 12 quarters (3 year) average of the market value of the portfolio for the years ended December 31, 2020 and 2019, respectively, prior to the start of the fiscal year. The spending policy may be between a floor of 4% and a ceiling of 6%, including a 1.5% endowment advancement fee. The standard policy percentage is 4% with a resulting effective rate, based on the December 31, 2020 market value of 5.50% (including the 1.5% annual endowment advancement fee) for the year ended June 30, 2022 and 5.07% (including the 1.5% annual endowment advancement fee) based on the December 31, 2019 market value for the year ended June 30, 2021.

#### **Underwater endowments**

In the event any of the endowment accounts are underwater, then the Finance Committee shall meet and specifically approve any distribution. If the endowment agreement specifically prohibits distributions for any reason, including underwater situations, the endowment agreement shall prevail and the distributions will be eliminated or reduced in accordance with the donor intent.

Due to a decline in investment earnings combined with newly established funds, the fair values of some of the endowments dropped below their historic gift value. The aggregate underwater funds as of June 30, 2022 and 2021 are as follows:

	Number of funds underwater				Original gift		Amount of deficiencies	
2022 2021	28 0	\$	1,926,158 N/A	\$	2,130,636 N/A	\$	(204,478) N/A	

Management believed the economic conditions would improve over the next few years and decided not to permanently reduce the historic gift value of the endowments.

# Notes to Financial Statements June 30, 2022 and 2021

#### Note 15 - Contributed nonfinancial assets

For the years ended June 30, 2022 and 2021, contributed nonfinancial assets recognized within the statement of activities included:

				2022	2				
	Revenue Recognized		Utilization in Programs/Activities	Donor Restrictions	Valuation Techniques and Inputs				
Donated Services	\$	393,200	Program services	None	University employees' time and benefits for services performed for the Foundation University employees' time and benefits for services				
Donated Services		209,921	General and administration	None	performed for the Foundation University employees' time and benefits for services				
Donated Services		295,976	Fundraising	None	performed for the Foundation				
Bus		59,500	University programs	None	Fair market value of the asset at the date of donation				
Books		4,528	University programs	None	Fair market value of the asset at the date of donation				
Recreation table		800	University programs	None	Fair market value of the asset at the date of donation				
				2021	<u> </u>				
	R	Revenue	Utilization in	Donor					
	Recognized		Programs/Activities	Restrictions	Valuation Techniques and Inputs				
Donated Services	\$	320,154	Program services	None	University employees' time and benefits for services performed for the Foundation University employees' time and benefits for services				
Donated Services		198,284	General and administration	None	performed for the Foundation University employees' time and benefits for services				
Donated Services		267,725	Fundraising	None	performed for the Foundation				
Gift cards		5,000	Student needs	None	Value of the gift card				
Books		1,500	University programs	None	Fair market value of the asset at the date of donation				
Chromebooks		597	University programs	None	Fair market value of the asset at the date of donation				
Vacation for auction		500	University programs	None	Fair market value of the asset at the date of donation				

All donated services and assets were utilized by the Organization's programs and supporting services.

# Note 16 - Conditional grant

The Foundation has made a conditional grant of \$500,000 to the University. The grant is conditional upon the University raising matching funds. As of June 30, 2022, this condition has not been met.

# Notes to Financial Statements June 30, 2022 and 2021

# Note 17 - Functional expense classifications

The Foundation's functional expense classifications for the years ended June 30, 2022 and 2021 were as follows:

	2022		2021	
Program services Athletic and University activities Donated services Scholarships Equipment Other support	\$ 1,193,591 393,200 1,373,746 59,200 236,946	\$	836,100 320,154 1,335,381 592 312,233

Total fundraising services	\$ 445,711	\$	331,931	

#### Note 18 - Concentrations

The Foundation maintains cash in several financial institutions. Accounts at each institution are insured by the Federal Deposit Insurance Corporation. From time-to-time, the Foundation's balances may exceed these limits. At June 30, 2022, the Foundation's uninsured balances totaled \$94,232. The Foundation limits its credit risk by selecting financial institutions considered to be highly creditworthy.

The Foundation received approximately 52% of contribution revenues from one donor for the year ended June 30, 2022. There was no concentration of revenue for the year ended June 30, 2021. For

# Notes to Financial Statements June 30, 2022 and 2021

the years ended June 30, 2022 and 2021, respectively, promises to give consist of 73% of receivables from two donors and 83% of receivables from two donors.

# Note 19 - Commitment and contingencies

The Foundation maintains a renewable letter of agreement between the Foundation and the University dated July 1, 2021 and terminating June 30, 2023. This agreement specifies that the Foundation shall maintain an identity separate from that of the University, while working only to serve the interests of the University.

In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred including mandates from federal, state and local authorities leading to an overall decline in economic activity. As of June 30, 2022, there was no significant impact to the Foundation's operations. However, the Foundation is not able to reliably estimate the length or severity of this outbreak. If the length of the outbreak and related effects on the Foundation's operations continues for an extended period of time, there could be a loss of revenue and other material adverse effects to the Foundation's financial position, results of operations, and cash flows.
