### AY 2021 – Summary of Faculty Senate Resolutions

Number	Date	Resolution Regarding...	For	Disposition	Comments
F-2020-01	2020-Sept-09	Revisions to the Sabbatical Leave Procedures for Faculty Document	Approval	Approved	
F-2020-02	2020-Sept-16	Indigenous Peoples' Day	Approval	Approved	
F-2020-03	2020-Sept-16	Course Class Enrollments Caps for Online Courses	Approval	Disapproved	Southern's practice has been to cap "online" courses to 25 with flexibility were necessary. With enough lead time and the ability to change modality in advance of the spring semester, the issue with on ground courses having been converted to online, thus increasing class size, should be significantly diminished. Given all the uncertainties, I am simply not comfortable locking the university into this commitment.

F-2020-08	2020-Oct-28	Faculty Choice in Administering Student Opinion Surveys in the Fall 2020 and Spring 2021 Semesters	Approval	Disapproved	I am not comfortable approving this resolution in its current form. Given the issues we are all facing, the Student Opinion Surveys should be viewed as an opportunity that will provide us with much needed information that can benefit both faculty and students. In a non-threatening way, the feedback should be used by faculty to gauge their course delivery during a challenging time. Additionally, the survey should provide students with the opportunity to share their thoughts and experiences. Failing to require these surveys sends, in my opinion, the wrong message (for faculty it potentially reinforces their fears that such surveys are punitive, for students it potentially sends a message that their opinion does not matter). I respectfully request that the faculty senate work with the academic affairs team to find some middle ground that reassures faculty and allows for student feedback.
