

ZOOM WORKSHOPS ON STATE SERVICES FOR THOSE WITH AUTISM SPECTRUM DISORDER

March 20, 2021
March 27, 2021
9:00 AM – 12:30 PM

This is for families and professionals who support individuals across the age spectrum!

This is a chance for families, community professionals and school personnel to educate themselves on what is and isn't available for those with ASD!

This is a rare opportunity for those supporting our population to get solid "real" insight from the people actually administering the services. With this information you can better prepare for now as well as your individual's future.

March 20, 2021
