

ARTICULATION AGREEMENT

Norwalk Community College
&
Southern Connecticut State University

November 27, 2018

Norwalk Community College and Southern Connecticut State University hereby establish the following articulation agreement regarding students who earn the Associate in Arts (A.A.) degree in Liberal Arts and Sciences Transfer or Liberal Arts and Sciences: Mathematics and Science from Norwalk.

Representatives from both institutions met to compare each program's curriculum and outline options for transferability of credits from Norwalk Community College to Southern Connecticut State University. The agreement outline below was approved by the SCSU University Curriculum Forum on October 25, 2018.

This agreement guarantees the following: Liberal Arts and Sciences Transfer or Liberal Arts and Sciences: Mathematics and Science Associate's Degree holders from Norwalk will be exempt from SCSU Tier 1 and Tier 2 requirements of the Liberal Education Program (LEP), with the exception of any areas restricted by a student's major. Students must complete the Tier 3 capstone at SCSU, but otherwise all unrestricted LEP requirements are met by the AA degree. Students must complete TAP-level Quantitative Reasoning and Science courses in order to be eligible.

Students who have graduated from Norwalk Community College with an Associate in Arts degree in Liberal Arts and Sciences Transfer since May, 2019 are eligible.

Representatives from both institutions agree to meet again in four years (Fall 2022) to review this curricular agreement and make any modifications, if necessary, based on curriculum changes that have taken place at either institution.

This agreement will promote the transferability of credits for Norwalk Community College graduates who pursue a four-year degree at Southern Connecticut State University.

For Norwalk Community College:

 LAS Program Coordinator

 Dean of Academic Affairs

 President

11/27/18

 Date

For Southern CT State University:

 UCF Chair

 Provost

 President
